Three Cat Media was founded in 2006 to provide affordable web and graphic design services to the artistic and creative communities. It was borne of the desire of founders, Jason Paul Smith and Rob Dorn, to combine their collective 30 years in the

marketing and design industries with their passion for the artist.

In addition to web and graphic services, Three Cat Media is dedicated to the independent performer; producing theater, cabaret, and concert events. Developed in 2007, Three Cat Media's live entertainment division makes it easier for independent artists and performers to develop an audience, sell more products or gain that much needed experience.
